

# Improving Engagement for All ELLs

## ELL Shadowing Planning Checklist

You are on your way to spending a great day observing one of your ELL students! Use this checklist to help prepare for the day.

Obtain copies of the following documents:

- A copy of the student's [ELL Growth Plan](#). If your student doesn't have a completed plan, now is the perfect time to get started!
- A copy of the student's class schedule
- [ELL Shadowing Observation Tool](#)
- [Post-Shadowing Reflection Tool](#)

A good observation also requires adequate individual or group reflection time.

- Schedule individual reflection time to fill-out the Post-Shadowing Reflection Tool
- Schedule reflection time with other staff to collectively debrief regarding the shadowing experience.
